Work with the new Leica TS16 Total Station

Leica TS16 robotic total station is a real hard worker – just like yourself. It combines the engaging Leica Captivate field software and ATRplus for a robust targeting performance. The TS16 now comes with the AutoHeight setup feature to make your work even more pleasant and efficient. Equip it with LOC8, our theft deterrence and location solution – focus on your tasks knowing that your instrument is secure. Or simply add DynamicLock and never stand and wait again. #MadeForTheBestSurveyors
